

HIGH DENSITY VERTICAL CABLE MANAGERS FOR RFM SERIES CABINETS

High density vertical cable manager
(shown with offset kit installed)

Features:

- Heavy gauge steel
- 19" equipment rails are offset to one side allowing for larger volume of cabling to be managed on the other side
- Rounded support fingers ensure gentle bend radii and 3/4" thickness provides extra support for cables helping to prevent damage
- Durable textured powder coated finish
- Standard colour is all black

Highlights:

- High density cable managers may only be installed on one side of the cabinet
- Designed for use in all 30"Wide x 83"Height RFM Series cabinets

Note: Offset mounting angle kit required for installation of cable manager
