

HIGH DENSITY VERTICAL CABLE MANAGERS FOR RACKS: Finger Style 2U spacing

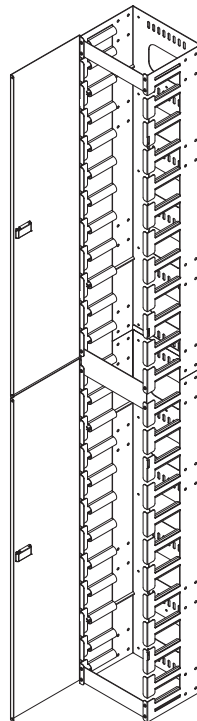

Features:

- Heavy gauge steel
- Designed for use with all R.F.Mote 38U, 44U, and 48U Server Racks (*see page 4.1.1*)
- Cable managers ship as 2-Piece body assembly: joins together to form single body
- Large footprint allows for large volume of cabling
- Fingers support cables and provide for gentle bend radius
- 3 models available: Single side, Double sided, or Single side with D-Rings on rear
- Cable Spools may be added to assist managing cable bundles (*see page 6.2.1*)
- Segregation Brackets may be installed to separate Fiber cables from Patch cords (*see page 6.2.1*)

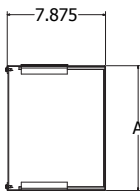

Highlights:

- Removable cable retainer brackets
- Fingers spaced every 2U
- Slots cut in front portion of the manager allow for easy removal of cables after installation
- Doors (2) are: easy to remove, latch closed, and reversible
- Durable black textured powder coated finish, additional colours available on request
